Parker Oil Company

PRESIDENT'S MESSAGE

Thank You, Everyone!

This winter was like nothing our area of Virginia has seen before, and we want to thank our loyal customers for trusting in us.

We'd also like to thank you for shoveling your paths and driveways so that our fuel delivery drivers and technicians could do their work quickly, safely, and easily.

We'd like to thank each and every member of our team for their hard work (and constant smiles) in bringing comfort and peace of mind to our customers this past winter. We couldn't have done it without you!

No matter the season or the reason, Parker Oil & Propane will be there for you. After all, we've been serving our southern Virginia and northeastern North Carolina friends and neighbors since 1935, and nothing is going to stop us now!

Sincerely,
Charlie Parker

Smoke and Carbon Monoxide Detector Basics

When was the last time you changed – or even tested – your smoke alarms and carbon monoxide (CO) detectors?

• **Check the date:** Locate the manufacturing date on the back of the device; if it's over 10 years old, replace it immediately.

- **10-Year sealed units:** If you have a 10-year sealed alarm, the battery lasts for the life of the device, but the unit still needs replacement after 10 years.
- **Combination smoke alarms/CO detectors:** These typically require replacement sooner (around 7 years) to maintain sensor effectiveness.
- **Monthly testing:** Test all smoke alarms at least once a month using the test button.
- **Mandatory replacements:** Replace the smoke alarm or CO detector immediately if the alarm chirps (low battery) or fails a test.

"Start Your Engines" with VP Racing Fuel

When you put the pedal to the metal, take VP Racing Fuel products along for the ride! Parker Oil & Propane is an official VP Racing Fuel dealer, with true racing fuel – perfect for:

- Drag racing
- Motorcross
- Rally car racing
- Closed racetracks ... and other racing uses

We deliver VP Racing Fuel products to all of North and South Carolina and through our locations across Virginia. Make a pit stop now – for optimal horsepower and performance, order your VP Racing Fuel now! **Call (800) 486-3146 or (434) 447-3146 to learn more.**

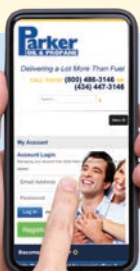

HAVE EVEN MORE FUN IN THE SUN WITH PROPANE

Yes, summer is the best time of the year to enjoy the great outdoors with family and friends! And who will supply the propane that fuels the fun? **Parker Oil & Propane**, of course!

Parker will provide all the propane you need for:

- Cooking a sizzling steak, juicy ribs, and colorful veggies on your **propane grill**.
- Relaxing without a care in the world in your **propane-heated pool or hot tub**.
- Sharing family memories and making new ones around your **propane fire pit or heater**.
- Entertaining company after the sun goes down with **propane outdoor lighting**.

Clean, efficient, eco-friendly propane is the **perfect fuel for your furnace or boiler, water heater, stove, indoor fireplace, washer and dryer, and more**. And when storms knock out your power, you'll be glad to have a **propane-powered whole-home generator**. If you're using another fuel and you'd like to convert to propane heat, just give us a call at (800) 486-3146 or (434) 447-3146.

Account Management Is at Your Fingertips – Literally!

We want to remind our customers about our convenient "My Account" online portal. With just a few clicks of your mouse or taps on your mobile device, you can:

- **Pay your bills online** • **Request service or delivery** • **Look up your account history, and more.**

You'll save time, save on stamps, and paying online is an easy way to go green! **Visit our 'My Account' online payment portal – parkeroilcompany.com/my-account – to get started!**
