Spring 2009

An electronic newsletter from your
friends at Parker Oil Company

Message from the President

Welcome, Valued Customers

Welcome to *Parker Postings*, Parker Oil Company's first electronic newsletter! **Wherever fuel prices may roam, you can count on Parker Oil Company to help you get the most value for your money.** There are so many ways in which we can help you manage your energy costs:

- Keep your fuel costs under control by enrolling in our convenient **10-month budget payment plan.**
- Protect yourself from inflation and take advantage of price decreases when they occur, with our **propane cap price program.** Available during Fall & Winter, ask for details.
- **Upgrade your heating and cooling equipment** to the latest high-efficiency models.
- Make sure your comfort equipment is operating at peak efficiency by scheduling **annual tune-ups.**
- Practice conservation by installing accessory equipment like **programmable thermostats** and **advanced burner controls.**

Our propane and air conditioning services, as well as our Simmons Travel Centers and Environmental Management Services division, can also help customers save BIG! Perhaps even more importantly, a Parker Oil Company employee is always available to answer your questions and provide valuable help to meet your specific needs. As big as we may seem, we never overlook the little things it takes to keep our customers warm and cozy.

Sincerely,
Charlie Parker

Charlie Parker
President

- Important fueling safety tips
- Detailed information on our Simmons Travel Centers
- Much more!

Parker Oil Company in the News

Local Schools Receive Exxon Mobil Grants

Parker Oil Company secured a number of grants for various local area schools. This was made possible by funding from the Exxon Mobil Corporation on behalf of the Exxon Mobil Educational Alliance program; which supports the education of children across the country where Exxon Mobil stations are located. Parker Oil Company worked closely with school officials to obtain these grants on their behalf and show their commitment to the communities they serve.

"These schools have worked hard to make learning interesting and fun," said Jerry Moore, a representative of Parker Oil

As an Exxon retailer, we are proud to help the young people of our state growing in the communities we service every day.

Company "As an Exxon retailer, we are proud to help the young people of our communities."

Huddle House Opens at Emporia Simmons Travel Center

A new Huddle House restaurant opened on February 16, 2009, at the Emporia Simmons Travel Center.

The new store, open 24 hours a day, seven days a week, features a bright, colorful look reminiscent of America's classic neighborhood diners. You can enjoy a wide variety of cooked-to-order food, fresh off the grill, for breakfast, lunch and dinner, along with the warm, family-friendly atmosphere that consumers have come to expect and trust from Huddle House since 1964. And here's some breaking news: Huddle House is coming to Bracey soon! For a peek at a menu, visit www.huddlehouse.com.

The Emporia Simmons Travel Center is located at 1589 Skippers Road (I-95 & U.S. 301 - Exit 8); phone 434-634-9296.
